

OBJECTIVE:

As a junior in Information Science at Michigan State University, I am looking to enter the workforce and start my career exploring new technologies, with long-term growth in Cyber Security.

EDUCATION:

Expected in 05/2025 Bachelor of Arts in Information Science, Minor in Entrepreneurship and Innovation

Michigan State University - East Lansing, MI

- Cumulative GPA: 4.0, Dean's List for 3 Semesters

09/2023 to Current Member of Spartan Cybersecurity Club - East Lansing, MI

- Acquire a sound understanding of ethical and responsible computer security practices.
- Develop experience in securing computer systems by exploring the tactics and strategies employed by malicious hackers.
- Working to understand penetration testing, security defense, and ethical "white hat" hacking through practical application.
- Stay up-to-date with the latest developments in cybersecurity research.

Currently Pursuing CompTIA Security+ Certification

WORK EXPERIENCE:

08/2023 to Current Account Representative

Marimba Networks - New Baltimore, MI

Working with external clients to solve technology problems related to Cybersecurity, IT Infrastructure and Operations, Data Centers, and cost management.

- Fully managed or co-managed Cybersecurity solutions including EDR\MDR, SIEM, Patch Management, Policy and Procedure, Vulnerability Management and assessment.

Working with businesses of all sizes to help identify pain points and solve issues related to technology deployment and maintenance.

06/2023 to 08/2023 Deskside Support Intern

Marimba Networks - New Baltimore, MI

- Performed on-site and remote desktop support for external clients.
- Installed IT management tools such as RMM agents, Endpoint Detection and Response, and Log Management tools onto servers and PCs.
- Remediated issues related to domain migration, security events, and Windows Update failures.
- Troubleshoot issues for end users such as Microsoft 365, Active Directory account issues, file and print access, etc.

05/2023 to 08/2023 Service Desk Intern

Groupe STAHL'S - St. Clair Shores, MI

Effectively completed tasks to support 800 users on the service desk.

- Privilege access management to mitigate internal security risks.
 - Used Active Directory to add and manage users/computers.
 - Used SCCM to deploy, manage, support, and update applications.
-

SKILLS:

- **Intermediate:** Sentinel One, Active Directory, SCCM, JIRA
- **Novice:** Python, Perch Security, HTML, CSS
